DANNCE

RRID:SCR_023061

Type: Tool

Proper Citation

DANNCE (RRID:SCR_023061)

Resource Information

URL: <https://github.com/spoonssso/dannce>

Proper Citation: DANNCE (RRID:SCR_023061)

Description: Convolutional neural network that calculates 3D positions of user-defined anatomical landmarks on behaving animals from videos taken at multiple angles. Works on recorded video data from multiple cameras. Used for 3D markerless pose estimation and tracking.

Synonyms: 3-Dimensional Aligned Neural Network for Computational Ethology

Resource Type: 3d visualization software, data processing software, data visualization software, software application, software resource

Keywords: OpenBehavior, track animals, pose information, 3D positions, video data, multiple cameras, 3D markerless pose estimation and tracking,

Availability: Free, Available for download, Freely available

Resource Name: DANNCE

Resource ID: SCR_023061

Alternate URLs: <https://edspace.american.edu/openbehavior/?s=DANNCE>

Record Creation Time: 20221228T050157+0000

Record Last Update: 20260912T200032+0000

Ratings and Alerts

No rating or validation information has been found for DANNCE.

No alerts have been found for DANNCE.
