Regression Modeling Strategies

RRID:SCR_023242

Type: Tool

Proper Citation

Regression Modeling Strategies (RRID:SCR_023242)

Resource Information

URL: <https://cran.r-project.org/web/packages/rms/>

Proper Citation: Regression Modeling Strategies (RRID:SCR_023242)

Description: Software R package as collection of functions that assist with streamline modeling. Works with binary or ordinal regression models, Cox regression, accelerated failure time models, ordinary linear models, Buckley-James model, generalized least squares for serially or spatially correlated observations, generalized linear models, and quantile regression.

Abbreviations: rms

Resource Type: software resource, software toolkit

Keywords: streamline modeling, regression models, regression, generalized linear models

Availability: Free, Available for download, Freely available

Resource Name: Regression Modeling Strategies

Resource ID: SCR_023242

Alternate URLs: <https://github.com/harrelfe/rms>, <https://cran.r-project.org/web/packages/rms/rms.pdf>

License: GPL v3

Record Creation Time: 20230207T050158+0000

Record Last Update: 20260919T195825+0000

Ratings and Alerts

No rating or validation information has been found for Regression Modeling Strategies.

No alerts have been found for Regression Modeling Strategies.
