Proper Citation: bibliometrix (RRID:SCR_023744)

Description: Software R package for comprehensive science mapping analysis. Used for quantitative research in scientometrics and bibliometrics that includes all main bibliometric methods of analysis.

Resource Type: data analysis software, data processing software, software application, software resource, software toolkit

Defining Citation: DOI:10.1016/j.joi.2017.08.007

Keywords: comprehensive science mapping analysis, quantitative research in scientometrics and bibliometrics, bibliometric analysis,

Availability: Free, Available for download, Freely available

Resource Name: bibliometrix

Resource ID: SCR_023744
