iVar

RRID:SCR_024045

Type: Tool

Proper Citation

iVar (RRID:SCR_024045)

Resource Information

URL: <https://github.com/andersen-lab/ivar>

Proper Citation: iVar (RRID:SCR_024045)

Description: Software package for viral amplicon based sequencing. Additional tools for metagenomic sequencing are actively being incorporated into iVar. Contains intersection of functionality from multiple tools that are required to call iSNVs and consensus sequences from viral sequencing data across multiple replicates. Following functions are implemented in iVar: trimming of primers and low-quality bases; consensus calling; variant calling both iSNVs and insertions/deletions; identifying mismatches to primer sequences and excluding the corresponding reads from alignment files.

Synonyms: ivar

Resource Type: software resource, software toolkit

Defining Citation: [PMID:30621750](#)

Keywords: call iSNVs from viral sequencing data, viral amplicon based sequencing, call iSNVs and consensus sequences from viral sequencing data, call iSNVs

Availability: Free, Available for download, Freely available,

Resource Name: iVar

Resource ID: SCR_024045

Alternate URLs: <https://sources.debian.org/src/ivar/>, <https://andersen-lab.github.io/ivar/html/>

License: GPL-3.0 license

Record Creation Time: 20230824T050211+0000

Record Last Update: 20260912T200113+0000

Ratings and Alerts

No rating or validation information has been found for iVar.
