Beth Israel Deaconess Medical Center Spatial Technologies Unit Core Facility

RRID:SCR_024905

Type: Tool

Proper Citation

Beth Israel Deaconess Medical Center Spatial Technologies Unit Core Facility
(RRID:SCR_024905)

Resource Information

URL: <http://www.spatialtechnology.org>

Proper Citation: Beth Israel Deaconess Medical Center Spatial Technologies Unit Core Facility (RRID:SCR_024905)

Description: Core for spatial and single cell technologies provides expertise, training, education and equipment. Supports projects, starting from consultation with matching right technologies to project needs, budget, and timeline. Provided services include single cell and spatial assays, tissue preparations, staining, sequencing, bioinformatic analyses. Equipment include 10x Genomics Visium, 10x Genomics Xenium, Akoya Phenomager HT whole slide scanner, Akoya Phenocycler Fusion, Bruker Vutara VXL, Nanostring GeoMX DSP, Vizgen MERSCOPE, Eppendorf TMA Grandmaster and more.

Synonyms: Spatial Technologies Unit

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, spatial and single cell technologies services, single cell and spatial assays, tissue preparations, staining, sequencing, bioinformatic services, ,

Availability: Open

Resource Name: Beth Israel Deaconess Medical Center Spatial Technologies Unit Core Facility

Resource ID: SCR_024905

Alternate IDs: ABRF_2608

Alternate URLs: <https://coremarketplace.org/?FacilityID=2608&citation=1>

Record Creation Time: 20240120T050237+0000

Record Last Update: 20260912T200433+0000

Ratings and Alerts

No rating or validation information has been found for Beth Israel Deaconess Medical Center Spatial Technologies Unit Core Facility.

No alerts have been found for Beth Israel Deaconess Medical Center Spatial Technologies Unit Core Facility.
