Proper Citation: Lunenfeld-Tanenbaum Research Institute Network Biology Collaborative Centre Flow Cytometry Core Facility (RRID:SCR_025384)

Description: Core provides flow cytometry analyzers and cell sorters, with specialty in image-based flow cytometry and cell sorting. Services include unassisted and full-service cell sorting, training on theory and on instruments, consultation on experiment design, protocol development, data analysis, manuscript preparation and grant submission. Applications include image-based analysis powered by machine learning on the Amnis ImageStream; image-based cell sorting using the BD BACS Discover S8; cell sorting for a variety of applications including multi-color sort for bulk culture, indexed cell sort into 96-well plates, cell cycle phase sort and primary tissue sorting for RNA or DNA analysis.

Synonyms: , Lunenfeld-Tanenbaum Research Institute Network Biology Collaborative Centre Flow Cytometry, Network Biology Collaborative Centre Flow Cytometry

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, cell sorting, flow cytometry,

Resource Name: Lunenfeld-Tanenbaum Research Institute Network Biology Collaborative Centre Flow Cytometry Core Facility

Resource ID: SCR_025384

Alternate IDs: ABRF_2807
