Proper Citation: University of Pittsburgh CRConnect Service Center Core Facility (RRID:SCR_028172)

Description: Provides flexible, cost-efficient clinical research coordinator support across disease areas and disciplines at the University of Pittsburgh. Offers full-service or targeted, as needed support. Services include study start up, regulatory assistance, budgeting and contracting, participant recruitment and enrollment, study visit conduct, data and query management, safety oversight, blood draws, and study closeout, as well as coordinating or participating center roles for multi-site trials. CRConnect can deploy highly experienced coordinators for only the services or amount of time required, reducing costs and providing coverage for investigators without full time staffing needs. The team supports a wide range of clinical research across Pitt and UPMC systems, including IND trials (Phase I–IV), multi center studies, IDE trials, interventional and observational studies, and collaborates closely with other Pitt and UPMC shared resources to ensure investigators are directed to the appropriate support.

Abbreviations: CRConnect
