Proper Citation: Memorial Sloan Kettering Cancer Center MSKCC Clinical Grade Production Core Facility (RRID:SCR_028454)

Description: cGMP facility responsible for the bulk product manufacture, purification, and characterization of clinical-grade materials. Offers vialing of sterile investigational products such as peptides, proteins, carbohydrates, and adjuvants. Service also conducts lot release tests which are required for products release for preclinical and investigational use either in-house or with validated contract vendors.
