Proper Citation: RRID:RGD_629485

Description: Rattus norvegicus with name LE/Stm from RGD.

Species: Rattus norvegicus

Notes: The LE/Stm rats were introduced into Saitama Cancer Center Research Institute in 1969 from a closed colony of Long Evans rats maintained in the Ben May Laboratory for Cancer Research, University of Chicago. A mutant with red-eyed dilution was found in 1970 in the Long-Evans colony, and the mutation was fixed by selective mating. Thereafter, they were maintained by sister-brother mating more than F50. Catalog Number: 629485

Background: inbred

Database: Rat Genome Database (RGD)

Database Abbreviation: RGD

Availability: Live Animals; Cryopreserved Sperm

Alternate IDs: 629485

Organism Name: LE/Stm

Record Creation Time: 20230509T191929+0000

Record Last Update: 20260808T193711+0000

Ratings and Alerts

No rating or validation information has been found for LE/Stm.

No alerts have been found for LE/Stm.
