Proper Citation: DicomBrowser (RRID:SCR_000864)

Description: A platform-independent desktop tool for inspecting DICOM header fields, editing DICOM header fields, viewing DICOM images, and transferring DICOM files to a DICOM receiver. DicomBrowser includes scriptable header editing to support various de-identification protocols. DicomBrowser is written in Java and uses ImageJ for image viewing and the dcm4che toolkit for much of its DICOM implementation.

Resource Type: Resource, software resource, software application, standalone software, data processing software, image analysis software

Keywords: dicom, java, magnetic resonance, system administrators

Parent Organization: Washington University in St. Louis; Missouri; USA

Availability: Available for download

Website Status: Last checked up

Abbreviations: DicomBrowser

Resource Name: DicomBrowser

Resource ID: SCR_000864

Alternate IDs: nlx_155743

Alternate URLs: http://www.nitrc.org/projects/dicom_browser
