Proper Citation: khmer (RRID:SCR_001156)

Description: Software library and suite of command line tools for working with DNA sequence that takes a k-mer-centric approach to sequence analysis. It is primarily aimed at short-read sequencing data such as that produced by the Illumina platform.

Synonyms: khmer project, khmer - k-mer counting & filtering FTW, khmer - k-mer counting and filtering FTW, khmer: k-mer counting filtering and graph traversal FTW

Resource Type: software resource, software toolkit

Defining Citation: PMID:26535114, DOI:10.12688/f1000research.6924.1

Keywords: dna sequence, short-read, sequencing, dna, illumina, sequence analysis, bio.tools

Funding Agency: NHGRI

Availability: BSD License, Acknowledgement requested

Resource Name: khmer

Resource ID: SCR_001156

Alternate IDs: SciRes_000166, OMICS_02560, biotools:khmer

Record Creation Time: 20220129T080205+0000

Record Last Update: 20240617T053058+0000
