Antarctic Glaciological Data Center

RRID:SCR_002219

Type: Tool

Proper Citation

Antarctic Glaciological Data Center (RRID:SCR_002219)

Resource Information

URL: <http://nsidc.org/agdc/>

Proper Citation: Antarctic Glaciological Data Center (RRID:SCR_002219)

Description: Archives and distributes Antarctic glaciological and cryospheric system data collected by the U.S. Antarctic Program. The Data Catalog contains data sets collected by individual investigators and products assembled from many different PI data sets, published literature, and other sources. The catalog provides useful compilations of important geophysical parameters, such as accumulation rate or ice velocity. The NSF OPP Guidelines and Award Conditions for Scientific Data state that PIs should submit data collected as a result of their OPP grant to a designated data center as soon as possible, but no later than two years after the data are collected.

Abbreviations: AGDC

Synonyms: Antarctic Glaciological Data Center at the National Snow and Ice Data Center, Antarctic Glaciological Data Center at NSIDC

Resource Type: service resource, data repository, data or information resource, data set, storage service resource

Keywords: antarctic, glaciology, atmosphere, glacier, ice sheet, land surface, paleoclimate, ice core, sea ice, snow, land ice, spectral, engineering

Funding: NSF OPP ANT 0944763

Availability: The community can contribute to this resource

Resource Name: Antarctic Glaciological Data Center

Resource ID: SCR_002219

Alternate IDs: nlx_154741

Record Creation Time: 20220129T080212+0000

Record Last Update: 20250501T080455+0000

Ratings and Alerts

No rating or validation information has been found for Antarctic Glaciological Data Center.

No alerts have been found for Antarctic Glaciological Data Center.
