MultiTracer

RRID:SCR_002445
Type: Tool

Proper Citation

MultiTracer (RRID:SCR_002445)

Resource Information

URL: http://air.bmap.ucla.edu/MultiTracer2/MultiTracer.html

Proper Citation: MultiTracer (RRID:SCR_002445)

Description: A Java application that allows images to be displayed in three dimensions. The tool allows anatomic structures to be traced and the tracings to be saved in a format that facilitates review and revision. It supports NIfTI-1.1 format float, double and signed and unsigned byte, short, and integer formats and provides legacy support for Analyze 7.5 8 and 16 bit images. It provides image display, editing, delineation of structure boundaries, export of traced contours and generation of masked volumes. Images are displayed in 3 orthogonal views. Time series can be displayed as averaged or contrast images and time courses can be visualized graphically. Version 2 provides enhancements to the original MultiTracer feature set.

Abbreviations: MultiTracer

Synonyms: MultiTracer version 2

Resource Type: software application, software resource, data visualization software, data processing software

Defining Citation: PMID:12948737

Keywords: analyze, computed tomography, image display, java, manual, magnetic resonance, nifti, os independent, pet, spect, region growing, segmentation, three dimensional display, two dimensional display, visualization, volumetric analysis

Funding:

Availability: LONI Software License, Free, Non-commercial

Resource Name: MultiTracer

Resource ID: SCR_002445

Alternate IDs: nlx_155819

Alternate URLs: http://www.nitrc.org/projects/multitracer2

Record Creation Time: 20220129T080213+0000

Record Last Update: 20250412T054709+0000

Ratings and Alerts

No rating or validation information has been found for MultiTracer.

No alerts have been found for MultiTracer.
