Mantle Cell Lymphoma Cell Bank

RRID:SCR_004379

Type: Tool

Proper Citation

Mantle Cell Lymphoma Cell Bank (RRID:SCR_004379)

Resource Information

URL: <http://www.focusonmcl.org/>

Proper Citation: Mantle Cell Lymphoma Cell Bank (RRID:SCR_004379)

Description: The Lymphoma Research Foundation (LRF), in collaboration with American Type Culture Collection (ATCC), has created a Mantle Cell Lymphoma (MCL) Cell Bank. The Cell Bank is a collection of various MCL lines created by scientists from all over the world. The idea for the Cell Bank was generated by the scientists that make up the MCL Consortium (MCLC). It was created to provide a single, centralized location where scientists can easily acquire high-quality, well-characterized MCL cell lines in an effort to accelerate discoveries in MCL. LRF has acquired 8 different MCL cell lines (July 2010): Mino, Z-138, JVM-2, JVM-13, REC-1, NCEB-1, JeKo-1, and Maver-1. The Cell Bank is chaired by Dr. Owen O'Connor of New York University Langone Medical Center and is housed at ATCC, the world's largest biological resource center and the most comprehensive source of reference cultures and reagents used by researchers in the academic and industry laboratories. The Cell Bank was made possible by the scientists who generously agreed to share their resources, including, Dr. Elias Campo, Dr. Zeev Estrov, Dr. Richard Ford, Dr. Junia Melo and Dr. Alberto Zamo.

Abbreviations: MCL Cell Bank,

Synonyms: Mantle Cell Lymphoma (MCL) Cell Bank

Resource Type: biomaterial supply resource, material resource, cell repository

Keywords: cell line, mantle cell lymphoma cell line, mantle cell lymphoma

Related Condition: Mantle cell lymphoma

Funding:

Availability: Public: Created to provide a single, Centralized location where scientists can easily acquire high-quality, Well-characterized MCL cell lines in an effort to accelerate discoveries in MCL.

Resource Name: Mantle Cell Lymphoma Cell Bank

Resource ID: SCR_004379

Alternate IDs: nlx_39167
