Proper Citation: OpenFlyData.org (RRID:SCR_004807)

Description: A cross-database search service for Drosophila gene expression data, including microarray data from FlyAtlas and in situ images from BDGP and Fly-TED. The applications provide different ways to search for and compare gene expression data for the fruit fly *Drosophila melanogaster*. You may Search Gene Expression Data by Gene, Gene Batch, and by Tissue Expression Profile. A number of Web services (SPARQL endpoints) are provided from this site which may be queried programmatically for data.

Abbreviations: OpenFlyData.org

Synonyms: open fly data, OpenFlyData, openflydata

Resource Type: data access protocol, database, data or information resource, image collection, web service, software resource

Defining Citation: [PMID:20382263](#)

Keywords: microarray, in situ, gene expression, gene, open fly data, openflydata, openflydata, expression, in situ hybridization

Funding: JISC

Resource Name: OpenFlyData.org

Resource ID: SCR_004807

Alternate IDs: nlx_79461

Record Creation Time: 20220129T080226+0000

Record Last Update: 20250517T055654+0000

Ratings and Alerts
