Proper Citation: Artifact Detection Tools (RRID:SCR_005994)

Description: Toolbox for post-processing fMRI data. Includes software for comprehensive analysis of sources of artifacts in timeseries data including spiking and motion. Most compatible with SPM processing, but adaptable for FSL as well. * Operating System: MacOS, Windows, Linux * Programming Language: MATLAB * Supported Data Format: ANALYZE

Resource Type: Resource, image analysis software, data processing software, software application, software resource, software toolkit, image processing software

Keywords: artifact removal, quality metrics, registration, motion analysis, neuroimaging, fmri, spike, motion, artifact, timeseries, matlab

Parent Organization: Massachusetts Institute of Technology; Massachusetts; USA

Related resources: RapidArt

Availability: Free, Available for download

Website Status: Last checked up

Abbreviations: ART

Resource Name: Artifact Detection Tools

Resource ID: SCR_005994
Alternate IDs: nlx_151369

Alternate URLs: http://www.nitrc.org/projects/artifact_detect

Ratings and Alerts

- 4.5 / 5 (5 votes) Rated at NITRC http://www.nitrc.org/projects/artifact_detect

No alerts have been found for Artifact Detection Tools.
