Resource Information

**Proper Citation:** Human Imaging Database (RRID:SCR_006126)

**Description:** THIS RESOURCE IS NO LONGER AVAILABLE. Documented October 5, 2017.

Database management system developed to handle the increasingly large and diverse datasets collected as part of the MBIRN and FBIRN collaboratories and throughout clinical imaging communities at large. The HID can be extended to contain relevant information concerning experimental subjects, assessments of subjects, the experimental data collected, the experimental protocols, and other metadata normally included with experiments.

**Resource Type:** Resource, source code, database, software application, data management software, service resource, storage service resource, software resource, image repository, data repository, data or information resource

**Keywords:** imaging, fmri, clinical, behavior, biomedical imaging data, mri

**Parent Organization:** Biomedical Informatics Research Network

**Related Condition:** Schizophrenia
