### Resource Information

**URL:** <http://www.partigenedb.org/>

**Proper Citation:** PartiGeneDB (RRID:SCR\_007848)

**Description:** A publicly available database resource containing the assembled partial genomes for ~700 eukaryotic organisms. Partial genomes are generated from expressed sequence tag datasets containing more than 1000 sequences. PartiGeneDB allows users to view sets of genes and identify genes of interest in organisms for which a full genome is not currently available. PartiGeneDB is automatically updated to include new organism datasets as they are generated. PartiGeneDB provides four portals of entry into the database. It is hosted and supported by the Hospital for Sick Children, Toronto. In addition to providing a comprehensive resource facilitating comparative analyses, PartiGeneDB allows researchers to access the partial genomes of organisms that may not be available elsewhere. However, we recommend and encourage users interested in exploring datasets from a single organism in more depth, that you visit the specific web sites associated with the sequencing effort associated with that organism .

**Synonyms:** PartiGeneDB

**Resource Type:** database, data or information resource

**Keywords:** est, eukaryotic genome, expressed sequence tag, partial genome, bio.tools

**Funding:**

**Resource Name:** PartiGeneDB

**Resource ID:** SCR\_007848

**Alternate IDs:** nif-0000-03244, biotools:partigenedb

**Alternate URLs:** <https://bio.tools/partigenedb>

**Record Creation Time:** 20220129T080244+0000

**Record Last Update:** 20250423T060417+0000

---

## Ratings and Alerts

No rating or validation information has been found for PartiGeneDB.

No alerts have been found for PartiGeneDB.
