Resource Information

URL: http://www.nitrc.org/projects/fluctuations/

Proper Citation: Task Independent Fluctuations Discussion (RRID:SCR_009515)

Description: The methodology and applications of task independent fluctuation measures including: connectivity maps of fMRI resting state scans, research using EEG/MEG/PET etc, methods to remove non-neural fluctuations, and applications to clinical populations.

Resource Type: Resource, software resource, narrative resource, discussion, data or information resource

Keywords: community, information resource, knowledge environment, model, magnetic resonance, other software resource, web environment, fmri, fmri resting state, eeg, meg, pet, non-neural fluctuation, clinical

Website Status: Last checked up

Abbreviations: Task Independent Fluctuations Discussion

Resource Name: Task Independent Fluctuations Discussion

Resource ID: SCR_009515

Alternate IDs: nlx_155677
