**Proper Citation:** BWH-BRI Antibody Core Facility (RRID:SCR\_009689)

**Description:** The BWH-BRI Antibody Core Facility provides high quality, purified monoclonal antibodies to the BWH research community. Because the antibodies are made in-house and require no shipping, they are available at a cost substantially lower than that of commercial vendors. Antibodies are of standardized quality and are available in two convenient aliquots: 500ugs and 10mgs. The Core maintains an inventory of commonly used antibodies, which allows orders to be filled quickly.
