Proper Citation: Monell Histology and Cellular Localization Core (RRID:SCR_009958)

Description: The Histology and Cellular Localization Core provides training and research support in microscopy, anatomy and histology of chemosensory systems. Core personnel work with Monell researchers to develop and optimize in-house procedures and to establish cutting-edge techniques in histology and cell anatomy. The Core provides centralized services such as tissue sectioning and in situ probe preparation. The Core facility is equipped with cryostats, fluorescence microscopes, confocal microscopes, and a two-photon microscope.
