Consortium on Adventitious Agent Contamination in Biomanufacturing (CAACB)

RRID:SCR_013680

Type: Tool

Proper Citation

Consortium on Adventitious Agent Contamination in Biomanufacturing (CAACB)
(RRID:SCR_013680)

Resource Information

URL: <http://cbi.mit.edu/research-overview/caacb/>

Proper Citation: Consortium on Adventitious Agent Contamination in Biomanufacturing (CAACB) (RRID:SCR_013680)

Description: The Consortium on Adventitious Agent Contamination in Biomanufacturing (CAACB) aims to advance the safe and reliable production of biopharmaceuticals by mitigating the risk of cell culture contamination through agents such as viruses or mycoplasma, by creating a central database of accumulated industry knowledge. Currently, industrial knowledge about contaminating adventitious agents and successful approaches to combat these specific agents is largely limited to each company's individual experience. The collection, analysis and dissemination of the full body of industry experience would enhance the reliable manufacture and supply of such safe and effective medications. This consortium operates under the umbrella of MIT Center for Biomedical Innovation (CBI).

Abbreviations: CAACB

Resource Type: consortium, portal, organization portal, data or information resource

Keywords: drug development, tool development, data-sharing enabler, contamination, manufacturing,

Funding:

Resource Name: Consortium on Adventitious Agent Contamination in Biomanufacturing (CAACB)

Resource ID: SCR_013680

Record Creation Time: 20220129T080317+0000

Record Last Update: 20250412T055732+0000

Ratings and Alerts

No rating or validation information has been found for Consortium on Adventitious Agent Contamination in Biomanufacturing (CAACB).

No alerts have been found for Consortium on Adventitious Agent Contamination in Biomanufacturing (CAACB).
