Resource Information

URL: https://github.com/broadinstitute/pilon/

Description: Software tool to automatically improve draft assemblies and find variation among strains, including large event detection. FASTA files of genome along with one or more BAM files of reads aligned as input. Read alignment analysis is used to identify inconsistencies between input genome and evidence in reads, then attempts to make improvements to genome.

Resource Name: Pilon

Proper Citation: Pilon (RRID:SCR_014731)

Resource Type: Resource, software resource, data processing software, data analysis software, sequence analysis software, software application

Keywords: automatically, improve, draft, assembly, variation, strain, genome, read, alignment, analysis, inconsistency

Resource ID: SCR_014731

Related resources: shovill

References: DOI:10.1371/journal.pone.0112963

Availability: Available for download, Acknowledgement requested

Website Status: Last checked up
