International Affective Picture System

RRID:SCR_016869

Type: Tool

Proper Citation

International Affective Picture System (RRID:SCR_016869)

Resource Information

URL: <https://csea.phhp.ufl.edu/media/iapsmessage.html>

Proper Citation: International Affective Picture System (RRID:SCR_016869)

Description: Collection of pictures designed to provide a standardized set of pictures for studying emotion and attention. Provides normative ratings of emotion (pleasure, arousal, dominance) for a set of color photographs that provide a set of normative emotional stimuli for experimental investigations of emotion and attention. Used in psychological research.

Abbreviations: IAPS

Synonyms: International Affective Picture System, The International Affective Picture System

Resource Type: database, data or information resource

Keywords: collection, normative, rating, emotion, color, photograph, stimuli, attention

Funding:

Availability: Freely available for use in academic research at recognized degree-granting educational institutions, Registration required

Resource Name: International Affective Picture System

Resource ID: SCR_016869

Record Creation Time: 20220129T080332+0000

Record Last Update: 20250430T060104+0000

Ratings and Alerts

No rating or validation information has been found for International Affective Picture System.

No alerts have been found for International Affective Picture System.
