Proper Citation: Indiana University School of Medicine Histology and Histomorphometry Core Facility (RRID:SCR_025556)

Description: Provides histological and histomorphometric services for basic science (non-clinical) research. Mineralized (plastic embedded), soft tissue (paraffin embedded), and cryopreserved specimens can be processed by the facility. Histology Core is core facility of the Indiana Center for Musculoskeletal Health and part of the Bone and Body Composition Core of the Indiana Clinical Translational Sciences Institute (CTSI). Histology Core provides histological services for basic science (non-clinical) research. Both mineralized (plastic embedded) and soft tissue (paraffin embedded) specimens can be prepared by the facility.

Synonyms: , Indiana University School of Medicine Histology and Histomorphometry Core

Resource Type: core facility, service resource, access service resource

Keywords: ABRF, histological services, histomorphometric services, mineralized, soft tissue, specimens, basic science, cryopreserved specimens,

Funding:
