Resource Information

URL: <https://research.med.psu.edu/core-facilities/pulmonary-immunology-physiology/>

Proper Citation: Penn State College of Medicine Pulmonary Immunology and Physiology Core Facility (RRID:SCR_025624)

Description: Core provides development and testing of small animal models to be used for pre-clinical pulmonary research. BSL2 facility that allows the assessment of pulmonary function related to airway hyper-responsiveness, ventilation-induced lung injury, postnatal lung development, airway remodeling, chronic inflammation, allergy, environmental exposures and infection. Services offered include oxygen profiling, infection and treatment; ability to deliver, measure and test pre-clinical potential of therapeutic interventions via aerosol; and housing of small animals.

Synonyms: , Pulmonary Immunology and Physiology Core, Penn State College of Medicine Pulmonary Immunology and Physiology Core

Resource Type: core facility, service resource, access service resource

Keywords: ABRF, small animal models, development and testing of small animal models, pre-clinical pulmonary research, airway hyper-responsiveness, ventilation-induced lung injury, postnatal lung development, airway remodeling, chronic inflammation, allergy, environmental exposures and infection,
