Proper Citation: Luxembourg Centre for Systems Biomedicine (RRID:SCR_026168)

Description: Research institute in Esch-sur-Alzette, Luxembourg to study brain and its diseases. Collaboration between biologists, medical and computer scientists, physicists, engineers as well as mathematicians offers new insights into complex biological mechanisms and disease processes, with the aim of developing new tools for diagnostics, prevention, and therapy. LCSB has established strategic partnerships with scientific partners worldwide and with all major biomedical research units in Luxembourg. Carries out collaborative projects with hospitals and research-oriented companies, accelerating translation of fundamental research results into clinical applications.

Abbreviations: LCSB

Resource Type: institution

Keywords: study brain and its diseases, diagnostics, prevention, therapy, collaborative projects, brain,
